ALBERTON SPORTS. (FROM OUR OWN CORRESPONDENT.) Monday. The Alberton sports were held on Saturday, under the auspices of the local mechanics' institute committee. The day was cool, but the weather threatening, and rain fell about 4.30 p.m. The Maiden race fell an easy win to S. Hinde, of Willung, who was called upon by the committee to sign a declaration as to identity, etc. The Sheffield was won by Chas. Smith, of Alberton, off 13 yards, in 13 1-5th secs. Of the four who ran into the final, Smith and Crawford breasted the tape almost together, Connor being next and Foy fourth and last. A difficulty arose as to the placing of Smith and Crawford. It was decided they should run off, and Smith won rather easily. (First prize £11.) This win was unexpected, and gave the local bookies a "skinner." The District Plate was run in heavy rain, and resulted in another surprise, Dan Moore beating Crawford for first place by about a yard. With the money prize for the winner of the District Plate there goes a gold cup, valued two guineas, the gift of G. W. Collins. Esq., of the South (Gippsland Hop Bitters Company. J. Nicol, of Woranga, ran well, and won the Handicap Hurdles of 150, and 10 hurdles, off the 15 yards mark. J. W. O'Niel, 9 yards being second, Edgar Buckley, scratch, third. S. Hinde landed a second easy win during the day, viz., the Maiden Hurdles. The jumping contest was won' by IV. Rice 1. J. Parrot 2. Standing long jump, 10ft Sin., Rice I. Standing hop step and jump, 29ft, Rice I. Parrut was second in both events. Scott and J; Cotter were the only other competitors. The contest which was decided on points should have included the standing three jumps, but owing to the in clemency of the weather, three of four competitors withdrew, and Rice with 6 points. against Parrot 4 and Cotter 2, was declared the winner. It is expected that the net proceeds of the sports, refreshment and other booths, side shows, and concert in the evening, will be a handsome balance to place to the credit of the local mechanics' institute.

Avril Connor (pers. com. May 2012)

The Connor Bros had two properties at Tombong and Tingaringi, located 25-30 km west of Bombala and 10-15km north-west of Delegate (Avril via Graham). They used to take sheep from the highlands down to Nethercote, near Eden, along a stock route. Connors and Walcotts have always known each other because Dad and the Walcotts were up there and they were neighbours – Dad knew Mick's father and uncles quite well and Mick's father went with Dad once on one of his droving trips and Dad took his flute. Wherever he went he took his flute.

BOMBALA v. DELEGATE.

A match, Bombala v. Delegate District, was played on the local wicket on Saturday. Delegate were first to go to the wickets, Armstrong and Connor opening the batting. These two men formed strong combination, and the partnership was not dissolved until 61 runs had been subscribed. The total of the inning was 114, of which W. E. Connor contributed 38, W. Armstrong 28, W. Pink and S. Connor 11 each. M'Garrigal was most successful with the ball, and his inclusion proved a tower of strength to the visiting team, five wickets falling to his credit for the small cost of 14 runs. Hyde and Beuzeville secured three and two wickets respectively. The result of Bombala's innings was 91 runs, Hyde 21, Chapman 17, Jonas 14, and Merritfield 11, being the principal scorers. Ford and Pink did the lion's share of the bowling, and were successful in capturing four and three wickets respectively for an average of 10 runs each. S. Connor was put on at the close of the innings, and secured two wickets for four balls without the expense of a single run. Delegate again took the wickets and nine men were disposed of, the last man being absent for 62 runs. Armstrong 18, Watson 15, and Pink 10, being the principal scorers. The Delegate men only went to the wickets in a half-hearted fashion, as they considered the game over, otherwise a batter stand might have been made. Connor, who secured top score in the first innings, went in last and came out without a strike. Time was now called, and the match was decided in favor of Delegate on the first innings, who thus secured a victory by 24 runs. The players were treated to in excellent repast at Rafter's Commercial Hotel at an interval in the game.: Appended are the scores :—

Among welcome visitors to “home and beauty” during the Xmas term, an aforetime athlete and cricketer, yclept [sic] Stanley Connor, was not the least sought after and appreciated. “Why Stan, I hardly knew you”, was the greeting that kept time with the grip of welcome; but he is off again on Fortune’s track. After being underground boss in a gold mine over Manaro way (N.S.W.), he decided to try the Malacoota portion of Victorian territory about six months back. He is now on his way back to Malacoota Inlet via Melbourne per S.S. Maitland, which is still in charge of the gallant Captain Leith. Mr. Connor, who speaks in glowing terms of the lake scenery, rich soil, and cheering mining prospects of the coming Eldorado, is engaged in the only quartz reef venture that is being worked up to statutory requirements; but several claims are in the shepherding stage, and will commence work the instant this very promising mine proves to be a paying speculation. [*Very probably the Spotted Dog Mine which operated from 1895-1899 producing 899oz from 1635 tons of ore.*] The distance from Lakes Entrance to Malacoota Inlet is about 130 miles, the trip in fair weather being simply magnificent.

VICTORIAN NATIVES V. BOMBALA.

A one innings match between eleven Victorian natives and eleven of Bombala was played on the Delegate wicket on Saturday last, and resulted in a very close and exciting contest, Bombala, just scoring a victory by four runs, for which credit must be given to the aboriginal George, who managed to pull them out of the fire. The Victorians opened play, W.

Armstrong. and E. Connor taking the wickets, to the bowling of Mahoney and Hyde, and succeeded in putting together 11 and- 14 respectively before they were disposed of. Ford and S. Connor succeeded Armstrong and E. Connor, and put together 23 and 13 before retiring.

The balance of the team only made small scores. At the conclusion of the innings of the Victorian an adjournment was made for lunch. On resuming play the Bombala men took the wickets; Hyde and Telfer being first to bat, Telfer being bowled by S. Connor after making 5. Cook then joined Hyde, and after some good cricket Hyde, who had put together 21 was given out 'leg before'. Mahoney replaced Hyde, and a good stand was made, Cook eventually being bowled by Armstrong, after making 14 ; Mahoney after adding 17, being caught by Armstrong. At this, stage a rot set in, and the next five wickets fell for 4 run. The 'dark, 'en' then joined Dunne and they, with the assistance of a few byes succeeded, in totting the score up to 79, when Dunne's wicket was taken. Hyde was most successful with the ball for Bombala and Ford for Victoria, each securing six wickets. The fielding of the Bombala men was good all round, while that of some of the Victorian was somewhat faulty. The Bombala team were entertained at a luncheon at Rafter's hotel, the spread being got up in first class style. Appended are the scores : —

Eden Show. (BY OUR SPECIAL REPRESENTATIVE.)

Although held under adverse conditions as far as the season is concerned, the fourth annual show of the Eden Exhibition Society, which was held on February 14 and 15, must be classed as a very satisfactory exhibition. Bearing in mind also that the society is only a young one is an additional reason for the pronouncement. Of course, the recent spell of dry weather seriously affected the quality and quantity of the exhibits in the agricultural classes, but, notwithstanding that fact, the entries were very creditable. The officials of the society deserve great credit for the excellent arrangements made for carrying out the various events, and, partly as a result of that, the ring contests were greatly appreciated, particularly on the second day of the show, when a large number of visitors from the town and district were present. The office bearers for the show were: Messrs. W. J. Moorhead (president), C. E. Walcott and W. I. Swinnerton (vice-presidents), J. A. Boyd (treasurer), and William Ryder (secretary), while the committee consisted of Messrs. G. R. Phillips, A. I. Nicholson, John Hines, S. Cole, P. H. Phillips, J. Morgan, T. J. Ramsey, P. McCloy, R. Bruce, W. A. Robertson, P. E. Rogers, R. H. Cook, W. E. Connor, J. P. Barlow, A. E. Dowling, J. T. Mitchell, and Robert Coward.

Coming to an analysis of the exhibition, it must be admitted that the horse section rightly claimed the first consideration, the number and quality of the exhibits being exceedingly good. In the blood classes, Mr. R. A. Coughran's (Pambula) Maori Lad secured the prize for blood stallions 3yrs and over. Maori Lad is a fine animal, being by Maori Chief out of Violet, by Muir Lad out of Polly, by Clunker. Master D. H. Binnie was a very successful exhibitor in horses, his Chester securing no fewer than five first prizes, viz., hackney (up to 14st), two in heavy buggy horses (15.2 and over), and two in double harness, including the president's special. In addition to these, Master Binnie also exhibited a blood gelding, 2yrs and under (first prize); blood gelding, 2yrs and under 3yrs (first prize); draught gelding, 2yrs and under 3yrs (first prize); and a trotting horse in harness, open to all comers (first prize). Master C. Collins secured first and second prizes in the pony high jump (14h and under), also first in pony hacks (14h and under), and Mr. Robinson's special for hunters (14h and under). Mr. V. J. Tarlinton, of Bega, exhibited his Morano, which secured first for lady's hackney and light hackney, being ridden by Miss Read. Miss Read also gained first prize for lady rider and lady rider over jumps.

In the cattle sections the exhibits, though not numerous, were generally speaking, very good. Among the principal exhibitors were Mr. E. T. Smart, C. Downton, A. Fourter, G. A. Fourter, S. Cole, and the Hopkins Estate. Mr. Smart, of Lochiel, near Pambula, gained first prizes for Shorthorn cow, Durham cow, Short horn bull, for pen of three poddies, and also seconds for Ayrshire cow and Jersey cow. Mr. Smart, who is a native of the Milton district, and who has been at Lochiel for nine years past, is at present milking 120 cows. Mr. Smart, however, intends to leave Pambula for Queens land shortly, having recently purchased a property on the Darling Downs. Mr. C. Downton, of Eden, was successful in the class for host bull for dairying purposes with his 10 months old Jersey Paddy, Mr. Wren (of the Kameruka Estate, Bega), who was a visitor to the show, remarked that Paddy would be worth taking to the Sydney Show, it being unusual to get a bull with all his points. In addition to this first, Mr. Downton obtained second prizes with his Jersey and Guernsey crossbred bull King Edward, and Jersey bull King Sam. Mr. A. Fourter, of Nethercote, Eden had three cattle on exhibition, sectoring with them two first prizes, viz., for Short horn heifer under 2 years, and for Jersey cow, the latter being gained : with his cow Princess. Mr. G. A. Fourter exhibited the first prize Jersey heifer under 3yrs, while Mr. S. Cole showed the first prize Ayrshire cow, and obtained seconds for Short horn cow, and for fat cow, the first in the latter section going to the Hopkins' Estate. This estate also secured first for fat bullock. Mr. A. H. Rugg and Messrs. Flower Brothers were also successful exhibitors in the cattle section.....

The sheep exhibits were confined to those shown by Messrs. Connor Brothers, of Broadwater, Eden. Although sheep-breeding does not exist on a very large scale in the Eden district,

Messrs. Connor Brothers' exhibits served to show what the district is capable of producing- .
.....

The show of fruit, though small, was good, the principal prizes going to Haywood Brothers, Mr. J. A. Boyd, Mrs. Alexander, Connor Brothers, Mrs. W. Wheeler, Mr. E. T. Smart, Mr. E. H. Lees, Mrs. F. H. Phillips, and Miss . Moorhead.

Some very fine vegetables were shown, the potatoes being particularly fine. Mr. John Longhurst obtained first for best collection of vegetables, Messrs. Haywood Brothers being awarded the second prize. Other prize winners in this section were Messrs. R. Goward, G. De La Mare, V. Hart, R. Hazlegrove, and S. Cole, ! other exhibitors Including Messrs. G. A. Fourter, F. J. Rugg, M. J. Cusack, F. Phillips, J. A. Boyd, and Wright, and Miss Wright.

The principal exhibitors of poultry were: W. X. Grealy, P. Walz, J. McKay, J. Shelley, and J. L. Dunn; while exhibitors of dogs included Master D. H. Binnie and Messrs. M. Ellis, J. Moorhead, jun., Connor Brothers, B. Cook, J. L. Dunn, and F. Taylor.

' A number of excellent pictures of this show will appear in our next Issue.'

AGRICULTURAL SHOWS.

EDEN, Saturday.

The Eden Exhibition Society's annual exhibition opened on Thursday and concluded yesterday. The quality of the farm and garden produce generally was very good but the absence of exhibits of farm trophies somewhat detracted from the attractiveness of the pavilion. 30 May 1907

My dear Connor,

Thanks for your two letters. Take no notice of Walsh, as far as I know the d? is over as far as he is concerned. Unfortunately Jones made some muddle of the transfer forms. I have papers to sign tomorrow before a J.P. and send to Sydney before the transfers are registered. As Walsh was at Yambulla the day the cases were tried, he must be well aware of the decisions of the Warden. He and his mates were in Eden the other day, they got drunk, I am told, and came to blows. You are quite justified in working the claim at anytime and work it in your own way. If Walsh does not like it, he must lump it. My Miner's Right is No 38. I shall be glad to hear what you think of the claim. Tomorrow I shall see Mrs. Hungerford and will write you again on Sunday. Weather has been beautiful, cold nights (2 frosts) but calm warm days. Walcott's guests left yesterday. Have not been in the Capital for 10 days and have heard no news. Mrs. Boyd joins me in kind regards.

Yours very truly. J. A. Boyd

"The Hollies" 1st June 1907

My dear Connor,

I saw Mr. Hungerford yesterday. He told me that Walsh was served with the Warden's orders at Yambulla and is well aware that he holds only 1/6 of the claim. The matter is over as far as he is concerned as he has lodged no appeal and the time for doing so has expired. Hungerford says if he gets annoying, you can use a reasonable amount of physical force as you and Lubbe are now in full control of almost the whole mine. If you find anything of value, keep it as dark as possible: The specimens I sent up for assay did not yield encouraging results the [?] looking quartz was the best showing traces of gold; [?] and copper. We have had 144 points of the rain the last 2 days, it was wanted both for the ground- tanks, but it made our court too wet to play on today. On Monday, if fine, we are to have a tournament and then give the game away till spring. Hoping things are going on well with you. With kind regards, J.A. Boyd

My dear Connor,

I wrote you last week and have not since heard from you. I hope things are going on well with you and that prospects are good. Walsh not giving any trouble. If the show justifies the expense, it would be easy to get his share. We have had a spell of dull cold weather with a little rain (18 this morning). The Walcotts left for Monaro on last Wednesday. We had a tennis tournament here on Monday. The day was too short to finish it, hope to conclude today. Jim Hopkins is being sued by Dolly Howard for aff[?]iation. Postmaster Kibby has left for head office Sydney. Barlow sells his furniture today. My cold still sticks to me closer than a brother. Mrs. Boyd joins me in best regards, etc

My dear Connor,

15th June

Yours of 3rd did not reach me until 9th inst. I note that Walsh has cleared and that you are starting a new tunnel in which I hope you will strike good gold speedily. I telegraphed to Sydney for a 16' barrow with mountings and asked Mr. Downton to send it to you by this morning's coach; you should get it with this. I suppose Hyde has forwarded the pick and shovel. We are all well but tired of dark and rainy weather. We had 219 points yesterday, and 117 this morning. I think the wet has interfered greatly with your work. Have not been in town or seen anyone for more than a week so have no news beyond hearing that "Uncle Charlie" is expected home on Tuesday. Mrs. Boyd joins me in kind regards. [E.R. - Uncle

Charlie is possibly Charles Logan from Edrom. A.C. – or possibly Charles Walcott from next door].

JA Boyd diary 29 Jun 1907 Letter # 99

My dear Connor,

29th June 1907

Thanks for your 2 letters. I hope the assay of the reef you found will turn out well or else that you will strike some gold in the claim as I can only carry on a few weeks more at the present rate. The claim has cost me already nearly £100 (Hungerford's account was £15-10-11) although I should be reluctant to chuck it up. I can't afford £5 every week. Lubbe has an idea that some alluvial gold would be got to help pay work expenses. I am glad the stores at Maxwell's came in handy. The weather has been fine lately but very cold. On every morning the little creek between this and Walcott's was frozen at 10 o'clock this morning. Walcotts came home on Tuesday. Mrs. Stone not yet returned so Miss Langley is still in Eden. Flower Show (save the [?]) yesterday and today. Mrs. Olly Harrison went to Sydney last Wednesday. I have not been in town this month. No news has come this way - since tennis finished we have no visitors. Mrs. Boyd joins me in kind regards.

My dear Connor,

20th Jul 1907

I have no letter from you this week. The assay did not seem very promising. Mrs. Boyd and I would like you to come in for a yarn at the end of the week. The claim has cost us a good deal over £100 and we do not care to carry on unless prospects are brighter. I had to see the Dr. on Thursday. He told me I was suffering from pleurisy and must take care of myself so I spend most of my time in bed. With kind regards,

JA Boyd diary 1 Aug 1907 Letter # 130

My dear Connor,

1st August 1907

I wrote you on 21st inst. Hoped to have had the pleasure of seeing you last Sunday. I would never have gone into this mining speculation unless I had been told that enough gold could be won from the [?] workings to partly pay for the working expenses. Your letter of the 2nd ult. gives no chance of this. If you think there is any chance of paying and like to accept £1-10-0 a week and a [? 1/12] Int. in the whole area, you can hang on for a time, but our present arrangement must cease at once. I have no money to spend in hunting for a reef which may be barren when found. In any case, you had better come in on receipt of this. A whale was killed yesterday, and H.M.S. Challenger "honoured" the port with a visit. I am very seedy, in bed all yesterday. Yours truly, J.A. Boyd

ANNUAL PRIZE MEETING.

The fourth annual meeting of the Far South Coast Rifle Association was held on the Bega range Friday and Saturday, and was a record in every way. Visitors were present from pretty well all the clubs between Eden and Tilba, while some came right away from Rockton, about 80 miles distant. All arrangements were very complete, the secretary, Mr. W. A. Kneen, not only working very hard all day Friday and Saturday, but also for a day or two previous to the shoot. Mr. A. L. Manning, captain of the Bega club, acted as range officer. Lieut. H. Dakin, representing the National Rifle Association, was present, and rendered much valuable assistance.

THE TABLELAND. Ten shots at 600yds. For those who have never won a £2 prize at an Association meeting.

If you can get the document signed, do so at once. I am tired of the d----d thing; it is almost as bad as Ella's engagement was to dear Mitch. **Has Connor settled down on the farm yet?**

JA Boyd 09 Feb 1913 Extract from Letter # 246 to Houghton Bradley

I did not think Mitch was nearly as well off, when here he spoke of £30,000. It's all the better for those he left behind but I cannot understand why he did not give Ella £5,000 and have done with it instead of worrying himself into his grave over the matter.

JA Boyd 09 Sep 1913 Letter # 415 to Houghton Bradley

Eden 9th Sept 1913

H. H. B. Bradley Esq
80 Margaret Street, Sydney
My dear Hought

Thanks for your long letter which I will reply to shortly, no time now.

Yesterday I heard as a matter of Eden gossip, that the party who holds the mortgage over Connor's land had said that he was "giving him time as he seems to be getting into a satisfactory position" or words to that effect. This **[taken?]** to **[mean?]** that he is going to marry a girl with money who is going to pay his debts. Ella never writes me a letter and Tiny's remain unanswered for long periods. I have heard the wedding is to take place in ~~January~~ March and I think that this matter should be absolutely settled before. I know nothing of Mitch's arrangements with "Stan" but hope the farm is in Ella's name. I have always disliked the match, at the same time it will be rough on Ella to find that she has married a man who is liable for about £1000. Sorry to hear from Archie that Mrs. Bradley was not too well.
Yours truly, J.A. Boyd

JA Boyd 14 Sep 1913 Extract from letter # 419 to Houghton Bradley

Re Connor's mortgage. Beyond the paragraphs in the newspapers I have no information about Mitch's will, but your letter seems to imply that Ella can only handle the interest of the money left her. There are two questions. 1st. Does Ella know that Connor is liable for a large sum(?) and if she did, would it make any difference? I have no hesitation in answering NO to the second. Connor is a good stamp of a man, but though over 40(?) he has accumulated nothing but debts and to marry a woman with money is a mean way of making (as he hopes) the rest of his life comfortable. Ella never writes to me so I do not feel called upon to interfere but shift the burden on your shoulders – you must stand "in loco parentis".

Pambula Voice – Friday 3 October, 1913

Mr. Stan CONNOR, formerly of Broadwater, returned to Pambula on Tuesday, just too late to be present at the last sad rites tendered the late S.G. Robinson. **Stan is now doing well with an orchard in close proximity to Sydney.**

Pambula Voice – Friday 3 October, 1913

Death

On Saturday morning last there passed away at **Broadwater, Pambula**, Samuel Geekie Robinson, at the age of 42 years, after a short illness, hemorrhage of the lungs being the immediate cause of death. S.G. Robinson started out in life with a very promising future. In 1887 after serving nine years as an officer in the Union Bank of Australia Ltd., he was so much thought of by the general manager for his past service that the bank voted him three months salary on his retirement.

In 1900 he decided to try his fortune as a soldier in South Africa, whither he went with the N.S.W. Mounted Rifles, 2nd Contingent. Colonel Kenneth MacKay, in writing to deceased said, "I think it was very plucky of you to have gone out as a ranker, when your position and education certainly entitled you to a commission. I can with every confidence recommend you to the Military Authorities for a position of responsibility and trust." When granted his certificate of discharge from the Imperial and State Contingents in the South African Boer war, he was handed the Long Service Medal, also Clasp, "Wettbergen Diamond Hills". It would appear that the trying climate of Africa somewhat broke up, what was a healthy constitution, and he subsequently led a retired life. **During the past eighteen months he had charge of the Broadwater property, Pambula.** His affable, free and easy manner won him many companions, and general regret was expressed at his sudden demise.

A brother of deceased is manager of the Commercial Banking Co. of Sydney, at Toowoomba (Q) while another brother is a solicitor at Forbes, also **Mrs. A.E. NEWTON**, of Bombala, and Mrs. R.W. Dawson of the Bank of N.S.W. Braidwood, are sisters. The funeral took place on Monday when the remains were interred in the Church of England cemetery. The Rev. N. Gardiner of Kameruka officiated at the graveside. The funeral arrangements were in the hands of Mr. Job Koerber.

Eden Magnet – Saturday 21 December, 1935

On Wednesday we had the pleasure of a call from **Mr. Stanley CONNOR** and his son, who were on their way to Nadgie to spend with their relatives, the **PALMERS**, a three weeks' holiday. **Mr. CONNOR** will be remembered as a resident of this district for many years and as a former owner with his brother, **Mr. W.E. CONNOR**, of the Broadwater property now owned by Mr., W.E. Grenenger. Sometime after leaving this district in 1912 **Mr. S. CONNOR** married **Miss Ella BOYD**, a niece of the late **Mr. J.A. BOYD** of "The Hollies", Eden. Of their family of three, two daughters are occupying clerical positions in Sydney and the son is a Shore Grammar School boy. After several years devoted to orcharding and vegetable growing at Peakhurst, **Mr. CONNOR** has leased his property there, and is now in residence at Penshurst. He notes a very considerable improvement in Eden, particularly in the appearance of the main street due to its lines of central garden plots. One time an enthusiastic cricketer, he now finds in golf a more suitable and congenial recreation. He is also fond of fishing and, as he knows the haunts of schnapper on the Nadgie coast, expects to beat his previous records as an angler. With **Mr. CONNOR'S** party is Miss Singleton, a descendant of the well known Broadwater Hungerfords, and she also will be the guest of **Mr. and Mrs. L.A. PALMER** at their Nadgie home.

Stan and Ella, with their daughters Emily and Cath, lived at 8 Roslyn Ave, Roseville, NSW. Stan had "no occupation" and the women all had "Home Duties".

Extract from a Letter from GBC to SKC, pre Jul(?) 1951, From 8 Roslyn Ave, Roseville.

Dearest one,

I wish you were here in a way but in others I don't. It is very depressing to see the old man so helpless and all the constant work it entails. He is a bit better to-day and seems to recognize everyone. He is a bit of a problem as he has no control of his water and the bed is continually wet. It is very hard to change his bed which must be done about four or five times a day and up till now there has been no sun to dry the washing. To-day is sunny.

.....Got home about eight o'clock and after being with Dad for a while, he recognised me and seemed to brighten a bit.

During the night Kate slept in the lounge room so that she could hear Dad if he got up. Mum is so tired & she sleeps so soundly now she is frightened she won't hear him. In the middle of the night Kate came and called me to say Dad had got into the lav. And to come. He was in there not knowing where he was and it took about ten minutes to get him back to bed. I believe he went one night and no one heard him and it was not till morning when they found him sitting there stone cold as though he had been there for hours. This morning he seems a bit brighter.

Came home as Em was going out and there always has to be someone here with Mum or two anyway. I have just had lunch and changed Dads pyjamas and bedding. That is about all that has happened to-day.

If Dad stays as he is to-day I will fly back on Sunday as I cannot stop here indefinitely when it may be weeks or even months but I will let you know by the weekend.
